

February 2019

## Your Monthly News & Updates

Share the love this Valentine's Day - earn \$500 cash when you refer a friend! And, make sure you are up to speed with eVox reimbursement changes for 2019 and best practices.

### Refer a Friend, Share the Love

**SHARE**  
 **the love**

**Earn \$500!**

It's Valentine's Day and we want you to share the love! Referring is easy. Simply introduce us to your colleagues by phone or email.

For every physician that purchases the eVox system, we will send you \$500.

### Evoke Announcements

#### Reimbursement changes for 2019

On Jan. 1, 2019, the billing codes historically used to report Central Nervous System Assessments/Tests (including CPT code 96120) were discontinued. **NEW Billing Codes** have been developed and approved to replace the former testing procedure codes.

Check out our **2019 Billing Overview Addendum** for an overview of the changes related to the eVox System.

#### Best Practices

Have you turned your eVox System online lately? It is important to turn your system on and establish an Internet connection **at least once weekly**. It ensures that all patient data has been uploaded to the Evoke Neuroscience cloud, so you can avoid any pending reports. And, it ensures your system is running our latest and greatest software.

#### We Are Here to Help

Do you have questions or need help troubleshooting?  
The Evoke support team is here to help!
