Monthly newsletter: February, 2017

This Valentine's Day, we have our minds on our hearts.

Check out this month's newsletter to learn about the link between stress and cardiovascular disease, the importance of Heart Rate Variability, and Evoke's latest love interests. Plus, we are inviting you to share the love and earn \$750!

Clinical Insights.

Brain activity may explain how stress leads to CVD.

The link between stress and cardiovascular disease is well established. Now, for the first time, scientists suggest a *mechanism* that explains this relationship: heightened activity in a critical brain region...

Product Updates & Education.

Listen to your heart (rate variability).

Did you know? Your eVox system is equipped with **Heart Rate Variability (HRV) biofeedback**. You can use it as a treatment option for patients for a variety of stress-related conditions.

Learn HRV 101 in our latest [article](#) on evoxbrainmap.com - the website dedicated to eVox patients.

Want to know more about using HRV biofeedback in your practice? Contact us at support@evokeneuroscience.com

Evoked's been struck by Cupid's arrow.

This month, we have a long list of things to love:

- The [Summary Report](#) makes it easy for you to show your patients some love. It's a concise overview of their eVox Assessment and goes hand in hand with the [Patient Report Guide](#).
- Free one-on-one consultations with our experts. What's not to love?! Email support@evokeneuroscience.com to request a meeting.
- A match made in heaven is at your fingertips! Help new patients find you with the [Doctor Search Tool](#) on eVoxBrainMap.com - [send us](#) your bio and photo and we will update your page details for free!

SHARE
♥ the love

Have colleagues that could benefit from adding eVox to their practice?

It's Valentine's Day and we want you to share the love! Referring is easy. Simply introduce us to your colleagues by phone or email.

For every physician that purchases the eVox system, we will send you \$750.

Upcoming Events.

Next month, join us in Huntington Beach, CA!

BRAIN

FEEDBACK

Help Patients Attain Healthier Brain Function.

The advertisement features a central graphic with a brain on the right and a woman's profile on the left. The word 'BRAIN' is written in white on an orange background, and 'FEEDBACK' is written in white on a dark blue background. Below the main text, the tagline 'Help Patients Attain Healthier Brain Function.' is displayed in white on a dark blue background.
