

January 2018

Your Monthly News & Updates

Welcome to 2018! Mark your calendars for our next Lunch & Learn webinar on recognizing ADHD and start gearing up for the Integrative Healthcare Symposium next month. Plus, stay up to date on best practices and tune in to Evoke Neuroscience's latest news!

Continuing Education.

How do you use EEG to recognize ADHD?

Evoke's Lunch & Learn webinar on Recognizing ADHD will strengthen your understanding of eVox Report metrics and teach you how to **recognize key biomarkers of ADHD**.

Lunch & Learn - Recognizing ADHD

Thursday January 25, 2017 | 12:00PM EST

Best Practices

eVox Reports are usually available quickly on your web portal but in some cases, it can take longer. To avoid rescheduling patient follow-ups, we recommend scheduling them 5 days after the eVox assessment or once you have the completed eVox Reports.

Evoke Neuroscience News

We recently expanded our indications for use with 510(k) clearance for eVox. eVox may help you:

- identify the root cause of memory loss
- identify MCI and memory loss sooner
- perform a differential diagnosis of depression vs. dementia

[Click here to read more](#)

The eVox System enables physicians to objectively measure and optimally manage the growing population of patients with memory loss, cognitive impairment, and other stress-related conditions.
