Evoke Industry News.

How to Engage Patients in Health Outcomes

Having trouble motivating patients to adhere to agreed-upon therapies? Evoke's own Dr. Hagedorn has the answer...

Upcoming Events.

Visit the Evoke team at booth 919 this July at the Alzheimer's Association International Conference in Toronto, Canada.

Product Updates & Education.

Preview our new Summary Report!

We strive to develop products that add clinical value to your practice.

You told us you wanted a brief, easy to understand report and

we listened.

The one-page Summary Report is in the final development stages and we would like your input prior to launch. The Summary Report is an intuitive report that summarizes findings and can be provided to patients. Your existing report will not change and the best part is, the Summary Report will be available on your portal at no additional charge.

Let us know your thoughts and suggestions for improvement!

To participate, reply to this email.

Sizzling Summer Promotion

Have you heard the buzz?

Now through August 31st,
take advantage of our Report
Credits promotional volume pricing!

Simply purchase report credits on your [web portal](#) and the appropriate pricing will be automatically applied to your purchase.

The more you buy, the more you save. It's that easy!
