[A4M World Congress 2016](#)

December 9-11, 2016 | Venetian/Palazzo Resort, Las Vegas, NV
Evoke Neuroscience Booth 8043

Join us at A4M and learn about Evoke Neuroscience's latest developments from our founders, David Hagedorn, PhD, and James Thompson, PhD.

Stop by booth 8043 and we will show you how to maximize your use of eVox for patients with memory loss, cognitive impairment, and other stress-related conditions. Plus, learn how our new Summary Report can make patient management easier than ever!

November product update.

A new software update designed to improve your experience is ready to be installed on your eVox system.

Please close the Evoke software, reopen, and click the green arrow once it appears.

In this software update, you will see the following new features:

- Updated patient setup instructions
- Improved Bluetooth connection to the eVox amplifier
- Duplicate patient detection pop-up notification
- Battery life indicator. Please note, when battery level is critical, you will not be able to proceed until battery is plugged in
- Stored biofeedback settings, with return patients' settings automatically set
- Updated User Manual – to access, click About Evoke Software or the ? button

Opportunity awaits!

Participate in the Evoke Physician Referral Program.

Referring is easy. Simply introduce us to your colleagues by phone, email, or in person at the upcoming A4M World Congress.

For every physician that purchases the eVox system, we will send you \$500*.

** Offer valid through December 31, 2016.*

Email Elise Ginsberg at eginsberg@evokeneuroscience.com for more info.

**YOUR BLUEPRINT FOR
HEALTHIER BRAIN FUNCTION**
