

## Your Monthly News & Updates

Evoke is announcing updates to the way your eVox Reports display. Watch the video to see the changes! Plus, join us for a Lunch & Learn on TBI at the end of the month.

### Service Spotlight.

#### Important Report Updates

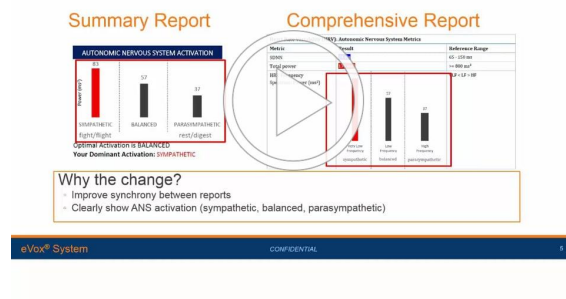

We have listened to your feedback and are improvements to your eVox reports! Starting this Tuesday, Nov 21st reports will be easier than ever to navigate and interpret.

Here are the highlights.

- Functional Physiology Report has been renamed to Comprehensive Report to better reflect its purpose
- Scientific terminology in the Comprehensive and Summary Report is now more consistent and easier to interpret
- HRV metrics display in the Comprehensive Report now matches the Summary Report

To see what's changing, watch this brief video. For a refresher report training, register for our webinar.

#### 3. HRV Metrics Display Synchronized

### Report Training Webinar Tuesday November 28, 2017 | 3:00PM EST

Scheduling conflict? Register anyway and we will send you a link to the recorded webinar.

### Continuing Education.

#### How do you detect Traumatic Brain Injury?

Evoke's Lunch & Learn webinar on Recognizing TBI will strengthen your understanding of eVox Report metrics and teach you how to **recognize key**

biomarkers of traumatic brain injury.

Over the 30-45 minute webinar, you will learn:

- How to interpret functional physiology metrics
- Biomarkers sensitive to TBI, and the research supporting them
- How to recognize signs of traumatic brain injury even after symptom resolution

**Lunch & Learn - Recognizing TBI**  
**Thursday November 30, 2017 | 12:00PM EST**
